

# Inside Out: GRACIOUS SPACES

In Florida, the outdoor spaces are an extension of our interiors. In this Longwood home, a teak and wicker dining table by Gloster is the focal point for the outdoor entertaining area. Inspired by the golf course view, bright green Sunbrella cushions welcome guests for comfortable dining and conversation by the pool.

EVERETT & SOULÉ

This project is near Lake Highland, close to downtown. The 1920s home underwent front elevation updates to remain historically correct and received a new back porch with automatic screens ( a trend that we're seeing more and more), summer kitchen, outdoor living area, newly renovated pool, landscaping, etc.
